Associate American Institute of Architects
(AIA)

Patrick Fucci has accumulated over 9 years of diversified design and construction experience. He has worked on several diversified projects, including municipal, retail, commercial and educational projects. Patrick has completed the National Council of Architectural Registration Boards' Intern Development Program. He has recently been approved eligible for New Jersey's Architect Registration Examination.

A graduate of The New Jersey Institute of Technology in 2004, Mr. Fucci has experience that includes the latest computer aided design technical skills, including a comprehensive knowledge of computer systems, software programs and hardware. Mr. Fucci works closely with the firm's principals during all phases of design. He is responsible for the preparation and coordination of construction documents and specifications.

Mr. Fucci's responsibilities include architectural drafting and management of the firm's computer aided design library. His experience also includes field work as a carpenter on a military base.
