Robert Longo's career in design and construction has progressed through more than 27 years of practice at architectural firms in New Jersey. He has been responsible for the design and management of more than \$200 million of construction. Mr. Longo has worked on a variety of building types including, laboratory, industrial, civic, and medical facilities. An advocate of "green" building design, Mr. Longo is a LEED accredited professional, and manages the firm's sustainable design practices.

Mr. Longo serves as the Partner in Charge of Commercial Architecture and Contract Interiors. He assumes executive administrative responsibility for all projects. In addition, he serves as a client liaison for the project design team. In this role he interfaces with all levels of management, contractors, and vendors to assure that all schedules and budgets are met. An expert in building codes and standards, he is a licensed NJ building inspector and is certified by the International Code Council. Mr. Longo reviews all of the firm's projects for code compliance.

Mr. Longo is a registered Architect in multiple states, a licensed Professional Planner, and Certified Interior Designer, in the state of New Jersey. He is a member of the American Institute of Architects (AIA) at national, state, and local levels. He is a past president of the AIA Central New Jersey Section, and chaired of AIA New Jersey's Service Awards Committee for 5 years.

Very active in his hometown of South Plainfield, Mr. Longo is a past president of the South Plainfield Business Association. He is also an adjunct professor of Architecture at Brookdale Community College, teaching courses in design and construction, a position he has held since 1999.
