Ms. Miller joined the Cornerstone Architectural Group team in 2009. She graduated in 2009 *Magna Cum Laude* with a Bachelors of Architecture Degree from The New Jersey Institute of Technology School of Architecture. She is also a LEED Accredited Professional Building Design and Construction.

Donna became an invaluable asset to the firm after interning at Cornerstone during her studies. She joined the firm as an architectural drafter supporting the firm's principals, project architects, interior designers and construction administration staff.

As a member of the project team, she works closely with clients to fulfill the role of project architect during the preparation of design and construction documents. Donna has completed the National Council of Architectural Registration Boards' Intern Development Program.

She has worked on significant design projects for the Township of Springfield, SHI International Corporation and the County of Somerset.

Donna is an Associate Member of The American Institute of Architects, and is a registered candidate of the National Council of Architectural Registration Boards' Intern Development Program, working toward her qualification to sit for the Architectural Registration Examination.
